

FAA Safety Team and EA-63 FSDO presents:

Building, Maintaining and Flying Amateur Built Aircraft Safely! Hosted By EAA Chapter 1310

FAASTeam Program Manager Jim Adams will review local accident trends followed by a look at what it takes to construct, maintain and learn to fly experimental amateur built aircraft safely. Jim Adams will be joined by FAA Inspector Robert Reckert, Designated Airworthiness Representative (DAR) and FAASTeam Representative Joe Gauthier as well as FAASTeam Representative / CFI and attorney, Mike Foy for this comprehensive look at the pleasures, trials and tribulations of amateur built aviation. Coffee and donuts at 09:30, cookout to follow the seminar!

Directions: Skylark Airpark is located 1/2 mile south of the CT-RT 140 intersection. Event is held in the hangar.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
